Name _____

The $20 Dream jar *challenge*

Can you save $20 for your dream? Every time you put $1 in your Dream jar, color one coin.
When every coin is colored, you did it!

I'm saving for _____

$1	$1	$1	$1	$1
$1	$1	$1	$1	$1
$1	$1	$1	$1	$1
$1	$1	$1	$1	$1

_____

For grown-ups: At age 7, the Dream jar gets $2 a week from the $7 allowance Calm Money Kids suggests, so $20 takes about 10 weeks. That's long enough to feel the waiting and short enough to reach.

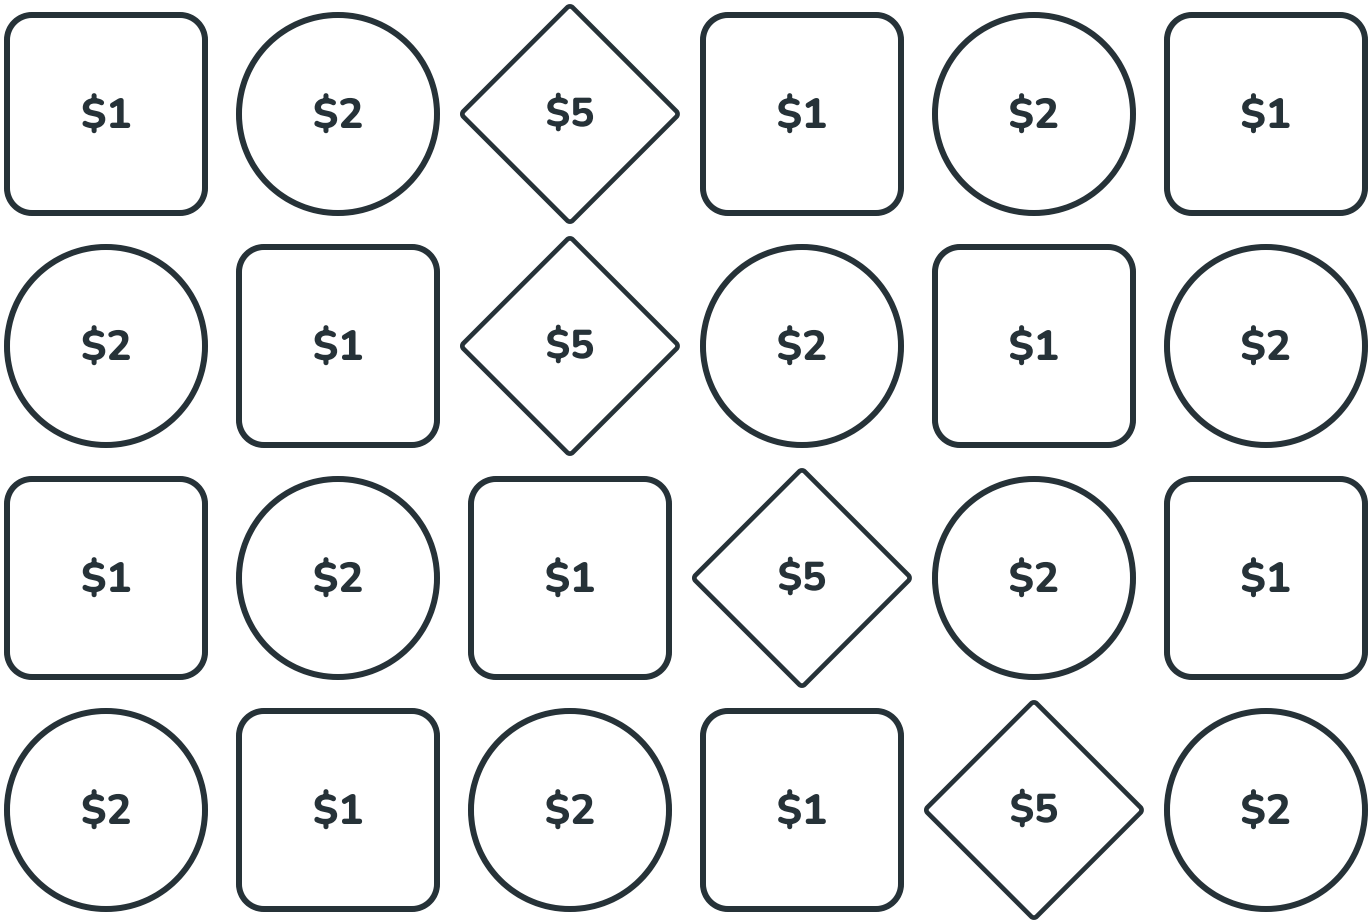

Name _____

The $50 Dream jar *challenge*

The shapes add up to $50. Each time money goes into your Dream jar, color shapes that add up to the same amount. If you add $3, you could color a $1 and a $2.

Square = $1 **Circle** = $2 **Diamond** = $5

I'm saving for _____

Think about it

If $2 goes into your Dream jar every week, how many weeks will $50 take? _____

For grown-ups: Gifts and money from extra paid jobs can count too, if you decide together that some of it goes to the Dream jar. Answer: 25 weeks.
